

The Environmental Justice Partnership Community Board Mission Statement

The mission of the environmental justice Board is to address public health problems that impact East Baltimore residents by building a partnership of community based organizations that educate residents, advocate for environmental justice, and represent the East Baltimore community's interests to governmental agencies, academic institutions, and private organizations. The overall goal of the EJ Board is to improve the quality of life in our communities.

Come out and receive a learning experience

Calling All Community Members...

It's time for us to change the game. The ills of our community need to be medicated with the heartfelt participation of its members in a march for the safety of our children and adult community members. The Ex-Felons Association of the Rose Street Community Center Transitional Houses welcome all to assist in this effort because lives are being lost at a senseless rate. We need to come together under one mind and one design to...

“CHANGE THE GAME”

**COME JOIN US AS WE MARCH IN
UNITY AGAINST HOMICIDE**

**Saturday June 26, 2004 at 1PM at
819 North Rose Street**

*No more
tears, no more
pain no more
sorrow-
Sunshine is
needed!
Let's live!*

**We can't stop death but we
CAN reduce homicide!**

*Weeping
may endure
for a night,
but joy
comes in the
morning!*
